

# Intel Compute Module HNS2600KPFR - blade - no CPU - 0 GB - no HDD

23-05-2024

|                         |                                                                                    |
|-------------------------|------------------------------------------------------------------------------------|
| SKU                     | HNS2600KPFR                                                                        |
| Produktbeskrivelse:     | Intel Compute Module HNS2600KPFR - indstikningsmodul - uden CPU - 0 GB - ingen HDD |
| Type:                   | Server - indstikningsmodul                                                         |
| Serverskalerbarhed:     | 2-vejs                                                                             |
| Processor:              | Uden CPU                                                                           |
| Processor-socket:       | LGA2011-v3 sokkel                                                                  |
| RAM:                    | 0 GB (installeret) / 512 GB (maks.) - DDR4 SDRAM - ECC                             |
| Controller for lagring: | SATA (SATA 6Gb/s)                                                                  |

## Generelt

|                     |                   |
|---------------------|-------------------|
| Type:               | Server            |
| Produktmodel:       | Indstikningsmodul |
| Serverskalerbarhed: | 2-vejs            |

## Processor / Chipset

|                        |                   |
|------------------------|-------------------|
| CPU:                   | Uden CPU          |
| Maks. antal CPU'er:    | 2                 |
| Opgraderbarhed af CPU: | Kan opgraderes    |
| CPU Socket:            | LGA2011-v3 sokkel |
| Chipsættype:           | Intel C612        |

## RAM

|                        |                                         |
|------------------------|-----------------------------------------|
| Installeret størrelse: | 0 GB / 512 GB (maks.)                   |
| Teknologi:             | DDR4 SDRAM - ECC                        |
| Model:                 | DIMM 288-PIN                            |
| Holdere:               | 8 (Total) / 8 (ubrugt)                  |
| Egenskaber:            | Registreret, Load-Reduced DIMM (LRDIMM) |

## Harddisk

|       |           |
|-------|-----------|
| Type: | Ingen HDD |
|-------|-----------|

## Controller for lagring

|                             |            |
|-----------------------------|------------|
| Type:                       | 1 x SATA   |
| Controller-grænsefladetype: | SATA 6Gb/s |
| Antal kanaler:              | 10         |
| RAID-niveau:                | RAID 5     |

## Producentgaranti

|                    |                          |
|--------------------|--------------------------|
| Service & Support: | Begrænset garanti - 3 år |
|--------------------|--------------------------|

## Diverse

|                    |                                                                                                     |
|--------------------|-----------------------------------------------------------------------------------------------------|
| Udstyr inkluderet: | 2 x CPU Heatsink, PCI-Express (1x16) Riser Card, luftkanal, brobræt, knudestrømtavle, 1U knudebakke |
|--------------------|-----------------------------------------------------------------------------------------------------|

## Ekspansion / Konnektivitet

|            |                                                                                                      |
|------------|------------------------------------------------------------------------------------------------------|
| Holdere:   | 2 (total) / 2 (fri) x CPU ; 8 (total) / 8 (fri) x DIMM 288-pins ; 1 (total) / 1 (fri) x PCIe 3.0 x16 |
| Interface: | 1 x VGA ; 4 x USB 2.0 ; 2 x LAN (Gigabit Ethernet) - RJ-45                                           |

## Netværk

|                                   |                                                                |
|-----------------------------------|----------------------------------------------------------------|
| Ethernet Ports:                   | 2 x Gigabit Ethernet                                           |
| Dataforbindelsesprotokol:         | Ethernet, Fast Ethernet, Gigabit Ethernet, 10 Gigabit Ethernet |
| Protokol til fjernadministration: | IPMI 2.0                                                       |

## Grafik controller

|                   |     |
|-------------------|-----|
| Video-interfaces: | VGA |
|-------------------|-----|

## Monitor

|              |        |
|--------------|--------|
| Monitortype: | Ingen. |
|--------------|--------|

## Optisk lagring

|       |                   |
|-------|-------------------|
| Type: | Intet optisk drev |
|-------|-------------------|
