

# QNAP - SSD - 256 GB - SATA 6Gb/s

16-05-2024

|                                 |                                                                                                                                                                                        |
|---------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| SKU                             | SSD-M2080-256GB-B01                                                                                                                                                                    |
| Produktbeskrivelse:             | QNAP - SSD - 256 GB - SATA 6Gb/s                                                                                                                                                       |
| Type:                           | Solid state drive - intern                                                                                                                                                             |
| Kapacitet:                      | 256 GB                                                                                                                                                                                 |
| NAND Flashhukommelses-<br>type: | Fler-niveaus celle (MLC)                                                                                                                                                               |
| Model:                          | M.2 2280                                                                                                                                                                               |
| Grænseflade:                    | SATA 6Gb/s                                                                                                                                                                             |
| Designet for:                   | QNAP HS-453DX, QBoat Sunny, TBS-453A, TBS-453DX M.2 SSD NASbook, TS-1273U-RP, TS-1277, TS-453BT3, TS-473, TS-677, TS-873U, TS-877, TVS-473e, TVS-673e, TVS-682T, TVS-873e, TVS-882BRT3 |

## Generelt

|                                 |                            |
|---------------------------------|----------------------------|
| Enhedstype:                     | Solid state drive - intern |
| Kapacitet:                      | 256 GB                     |
| NAND Flashhukommelses-<br>type: | Fler-niveaus celle (MLC)   |
| Model:                          | M.2 2280                   |
| Grænseflade:                    | SATA 6Gb/s                 |

## Oplysninger om kompatibilitet

|               |                                                                                                                                                                                        |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Designet for: | QNAP HS-453DX, QBoat Sunny, TBS-453A, TBS-453DX M.2 SSD NASbook, TS-1273U-RP, TS-1277, TS-453BT3, TS-473, TS-677, TS-873U, TS-877, TVS-473e, TVS-673e, TVS-682T, TVS-873e, TVS-882BRT3 |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

## Ekspansion og forbindelse

|                 |                                    |
|-----------------|------------------------------------|
| Interface:      | 1 x SATA 6 Gb/s - 7 pin Serial ATA |
| Kompatibel bås: | M.2 2280                           |
