| SKU                      | DK30A2DH                                                                                                                                      |
| Produktbeskrivelse:      | StarTech.com Dual 4K Dock - Mac and Windows - USB-A & USB-C - DP & HDMI (DK30A2DH) - dockingstation - USB-C / Thunderbolt 3 - 2 x HDMI - 1GbE |
| Produkttype:             | Dockingstation                                                                                                                                |
| Docking-interface:       | USB-C / Thunderbolt 3                                                                                                                         |
| Videointerfacer:         | 2 x HDMI                                                                                                                                      |
| Dimensioner (B x D x H): | 8.34 cm x 22.39 cm x 2.71 cm                                                                                                                  |
| Vægt:                    | 430 g                                                                                                                                         |
| Farve:                   | Sort og sølv                                                                                                                                  |

## Generelt

|                 |                                                                   |
|-----------------|-------------------------------------------------------------------|
| Produkttype:    | Dockingstation                                                    |
| Bredde:         | 8.34 cm                                                           |
| Dybde:          | 22.39 cm                                                          |
| Højde:          | 2.71 cm                                                           |
| Vægt:           | 430 g                                                             |
| Fås i farverne: | Sort og sølv                                                      |
| Lokalisering:   | Australien, Japan, New Zealand, United Kingdom, Europa, Nordasien |

## Netværk

|                              |                                                                           |
|------------------------------|---------------------------------------------------------------------------|
| Dataforbindelsesprotokol:    | Ethernet, Fast Ethernet, Gigabit Ethernet                                 |
| Overensstemmelsesstandarder: | IEEE 802.3, IEEE 802.3u, IEEE 802.3ab, USB 1.1, USB 2.0, USB 3.0, USB 3.1 |

## Ekspansion / Konnektivitet

|            |                                                                                                                                                                                                                                                                                |
|------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Interface: | 2 x skærm/video - DisplayPort-input - 20 pin DisplayPort   2 x skærm/video - HDMI - 19 pin HDMI Type A   1 x netværk - 10Base-T/100Base-TX/1000Base-T - RJ-45   6 x SuperSpeed USB 3.0 - 9 pin USB Type A   1 x lyd - minitelefons 3,5 mm   1 x mikrofon - minitelefons 3,5 mm |
|------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

## Oplysninger om kompatibilitet

|               |                                                                                                     |
|---------------|-----------------------------------------------------------------------------------------------------|
| Designet for: | P/N: ARMBARDUO, ARMBARDUOV, ARMDUAL, ARMDUAL30, ARMDUALV, ARMSLIMDUO, DK30ADD, SVA20N2NEUA, TB33A1C |
|---------------|-----------------------------------------------------------------------------------------------------|

## Miljømæssige parametre

|                         |       |
|-------------------------|-------|
| Min. driftstemperatur:  | 0 °C  |
| Maks. driftstemperatur: | 40 °C |

## Producentgaranti

|                    |                          |
|--------------------|--------------------------|
| Service & Support: | Begrænset garanti - 3 år |
|--------------------|--------------------------|

## Systemkrav

|               |                                                                                                                                                                                                                                                         |
|---------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| OS nødvendig: | Microsoft Windows XP 32-bit, Apple MacOS X 10.6 - 10.12, Google Chrome OS 55 eller senere, Ubuntu 18.04, Ubuntu 20.04, Apple macOS 11.0, Apple macOS 10.14 - 10.15, Microsoft Windows Vista / 7 / 8 / 8.1 / 10 / 11, Apple macOS 12.0, Apple macOS 13.0 |
|---------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

## Effekt

|                     |                        |
|---------------------|------------------------|
| Strømenhed:         | Strømforsyningsadapter |
| Nødvendig spænding: | AC 120/230 V           |

## Diverse

|                              |                                                                                      |
|------------------------------|--------------------------------------------------------------------------------------|
| Medfølgende ledninger:       | 1 x USB-C til USB-A kabel - eksternt   1 x USB-C kabel - eksternt                    |
| Egenskaber:                  | LED indikator, fuld duplex-support                                                   |
| Overensstemmelsesstandarder: | RoHS, USB Battery Charging Specification Rev. 1.2, UASP (USB Attached SCSI Protocol) |
